\$15,000,000

City of Copenhagen

Municipal External Loan of 1919

Twenty-five Year 5 1/2% Redeemable Sinking Fund Gold Bonds

Dated July 1st 1919

Due July 1st 1944

Interest payable January 1st and July 1st

Coupon bonds in denominations of \$1,000 and \$500, registerable as to principal only.

Principal and interest payable at the office of Brown Brothers & Co., New York, the Fiscal Agents of the Loan, in gold coin of the United States of America or of equal to the standard of weight and fineness existing on July 1st 1919

Payable without deduction for any Danish Governmental or municipal taxes or other Danish taxes present or future.

The Loan is to be repayable, by means of yearly payments of \$750,000 in United States gold coin, to be made in the year 1925, and in each year thereafter during the life of the Loan. Such payments will constitute the sinking fund of the Loan, and are to be applied on July 1st 1925 and each July 1st thereafter to the redemption at par of bonds whose numbers are to be determined by lot.

The City may at its option increase the amount of any sinking fund payment.

Copenhagen, the capital of Denmark, is the chief seaport and leading commercial City of the Kingdom. Situated on one of the largest harbors of Europe at the entrance to the Baltic Sea, it holds a strategic position for world trade. The city has by far the most important Free Port in Scandinavia, an advantage of much consequence in the commerce of Northern Europe. From 1895 when the Free Port was established to 1913, the last full year before the war, the annual tonnage entering Copenhagen increased from 260,096 tons to 1,801,299 tons. The population of the City is 550,000. This is nearly one-fifth the population of the entire Kingdom.

Loans of Copenhagen have always been held in high favor among European investors. In normal times these loans were issued at rates of interest of 3 1/2% and 4%. The total debt of Copenhagen including the present issue is approximately \$89,879,200. The debt of the City has increased relatively little during the entire war period. We are advised that no other foreign loan will be issued by the City within one year.

We offer these bonds when, as and if issued, at

93 1/2 and accrued interest

yielding, according to the redemption dates for which they may be drawn by lot for payment at par, (\$750,000 bonds to be drawn each year) as follows:

Table showing average yield percentages for various years from 1925 to 1934, ranging from 6.14% to 6.17%.

Average yield 6.24%

Pending the preparation of definitive bonds, temporary bonds of the City of Copenhagen will be delivered against confirmed sales. It is expected that the temporary bonds will be ready for delivery at the office of Brown Brothers & Co., 59 Wall Street, New York, about August 18th 1919.

All legal matters pertaining to this issue are subject to the approval of our counsel, Messrs. Cravath & Henderson of New York and former Minister of Justice, Supreme Court Counsellor Fritz Buelow of Copenhagen.
